

LET'S PASS ON THE CHRISTIAN FAITH

To our kids, their kids, and their kid's kids!

Hi, my name is Doug Marsh. I'm an Assemblies of God missionary reaching children and youth around the world, and preparing families and churches to skillfully **transfer faith from generation to generation.**

This is where you come in. I'm leading a research project to discover how well adolescents are developing the disciplines and behaviors that lead to spiritual and moral growth, as well as their social interactions and support that are predictive of walking in the Christian faith as adults.

The immediate purpose of this project is to "test the test" that I've created after much research. I believe the data gathered will prove insightful to parents and church leaders in the near future. To determine if the survey is valid and reliable, **I need more than 1,300 students to take the survey.**

I'm appealing to youth workers and parents to invite their teens into this project to **bless families everywhere - for generations to come!**

THANK YOU! for your consideration and assistance in this project.

HERE'S HOW

PARENTS and YOUTH WORKERS*

can involve teens in this project:

(*Youth pastors, Royal Rangers or Girls Ministries leaders, Sunday school teachers, or small group facilitators)

1) Invite participation: Teens who complete the *anonymous* and *confidential* survey have a chance to win cash incentives!

2) Sign consent: A parent must sign the consent form for their 13-17-year-old(s), while 18-year-olds can sign for themselves. Choose one of three ways to sign:

- 1) Online immediately before starting survey, using a mouse on a computer or using a finger on smart phone or tablet;
- 2) Digitally on the next page, using a finger or mouse, and email it to address below; or
- 3) Print and sign, then scan or take a picture, and email it to:
mars110409@evangel.edu

A youth worker involving a group of students may opt to print, distribute, and collect signed consent forms, scan and remit them to email above.

3) Student completes survey: Using a desktop computer, laptop, tablet, or smart phone, the student can complete the survey in only **18 - 22 minutes.**
