Pow Wow Activities

Basketball

Try to get your team together before getting to Pow Wow. Games will be played on half-court and 15 minutes duration to allow all contests to be played. The boys may play in shorts and a T-shirt. There will be awards for first, second and third place.

Challenge Course

We hope to have a challenge course. Boys will be timed as they run through a series of events designed to test their speed, coordination, and stamina. There will be awards for first, second, and third place.

Darts, Horseshoes, Checkers and Chess

These provide a different challenge to the boys. Each will be played in a round robin format with a type of double elimination. (Each boy will have to lose twice to be eliminated.) There will be awards for first, second and third place.

Range Events

.22 rifle (Adventure and Expedition Rangers), BB Guns, Archery, and Paint Ball.

You must obey all rules and listen carefully to and obey the Range Officer at all times. He has the right and the duty to declare someone unsafe and order that person to leave the range. He has the right and duty to do whatever he believes necessary to protect the integrity and ensure the safety of the area.

Rules: Safety equipment must be worn at all times. Obey the Range Officer. Remain orderly at all times. No horseplay, pushing, etc. If wristbands are being used, you must have your safety class wristband.

Pool

We are expecting to have our pool set up at the Pow Wow. It will most likely be available. However, if the weather forecast is for low temperatures we may opt not to set it up. Rules at the pool, given by the head lifeguard must be strictly obeyed.

*Events will be available based on availability of staff. We may have additional events announced during morning service.

Ranger Derby

Bring your pine cars to Pow Wow! Be ready to make alterations to your car if it is too light or heavy. There will be Discovery, Adventure, Expedition, and Open (commanders) division. There will be first, second, and third place awards in each age group. This year we are considering a Lego Car race.

R/C Cars

We expect to have the R/C cars at Pow Wow. The boys enjoy this event. There will be awards for first, second, and third place.

Strong Patrol Competition

Pending the availability of a coordinator.

Skit Competition

If you are competing, fill out the form and turn it in during registration on Thursday before 6pm. Skits will be performed as scheduled on Thursday evening. All skits will be screened before they are allowed to perform.

The skit should reflect the Pow Wow theme "Second Coming"

If you have any questions, please contact Joe Otero

papawolf149@gmail.com Awards for first, second, and third place.

Volleyball

Get your team together. Games will probably be 3-5 points to enable us to get all the matches played. The boys may play in shorts and a T-shirt. There will be awards for first, second and third place.

Crafts

Bolo Ties

Opportunity to make a bolo tie will be available for every camper. The Bolo tie will feature a small picture of the Pow Wow patch.

Rocketry

Making and firing rockets is always a real hit. We hope to offer a kit free of charge. Boys will have the opportunity to build and fire the rockets, **under adult supervision**. No personally owned rockets will be permitted unless under the strict supervision of the instructor in charge. If you bring a rocket to Pow Wow you must let us know. Due to the high cost of the materials; we usually have the boys work in pairs to build a rocket.

FCF Village

Members that would like to stay in the FCF Village must contact Paul Ronca. All shelters and equipment being used in the Village must depict our colonial (1776 era) time period.

FCF Activities

Tours of the village and demonstrations of skills

Bring patches and other trading items for swapping.

Knife trading will be to FCF members only.

Scavenger Hunt – Gold colored rocks will be hidden and clues posted in the FCF village. When found, the “Gold Rock” should be brought to the FCF village main tent where a prize will be awarded.

Mileage Award

Be sure to make a note of the odometer reading before you leave your church and then note the reading when you arrive at the camp. We need the straight mileage from your church to the camp, no side trips. **We will use GPS** to determine the milage between the two addresses.

A trophy will be presented to the Outpost with the most total people miles.

Miles from your church to the camp multiplied by the number of people registered = Net Total People Miles Traveled. i.e. You traveled 100 Miles from church to camp. You brought 10 people all registered.

100 miles X 10 persons = 1000 Total People Miles

Important Safety Info

SPEED LIMIT ON THE CAMP GROUNDS IS 5 MPH

Parking

After unloading, park your vehicles in the designated parking area. Follow the directions of the parking attendant or security team.

Place a note with large print, indicating the drivers name and outpost number, on the dashboard near the inspection sticker along with a cell phone number

Visitors

Visitors must stop at Headquarters to be issued an ID tag or sticker.
Visitors who have been cleared are welcome at the pageantry.

Campsite Location

Campsites will be assigned as Outposts have arrived and are registered.

Environment Conservation

We strive to always practice low impact camping.
Use common sense with grease pits. Do not make the hole excessively large
Be sure to build campfires "The Ranger Way."
Be sure the ground is replaced and the sod is intact when you are finished.
Extinguish all fire wood. Place burnt and un-burnt firewood in the forest.

Campsite Cleanup & Inspection

Prior to your departure, your campsite will be inspected.
To protect our lawn equipment, be sure stones and wood are removed from the field and placed in the forest. Pow Wow patches will be given and the Medical Power of Attorney forms will be returned to you at the completion of inspection of your campsite. If you have less than 3 hours to drive to get home, please help us in breaking down the camp. Bring along a hammer and pry-bars and plan to work about an hour or less. With help, the camp gets cleaned very quickly. Thank you in advance

Camp Safety and Security

Please abide by the rules
Obey those in authority in camp. They have all of the camper's safety in mind.
Safety classes when provided are mandatory. See Pow Wow schedule or bulletin board. We may do a general safety class on Thursday evening before the talent show. We will review the camp rules and demonstrate the "Emergency" sound and discuss emergency formations.

Important Safety Info

Buddy System

Please use the Buddy System at all times.
This will help to ensure that everyone stays safe and nobody gets lost or injured.

!!! IMPORTANT NOTICE !!!

We are in a true wilderness area where even an experienced woodsman may get lost and face a life-threatening situation. No one is permitted off the grounds without permission of the Camp Commander or his designee.

Toolcraft Safety

Boys must have a toolcraft safety card if they are to use a knife or axe in camp. Use of these camp tools is restricted to the designated tool areas in campsite only. If a tool is needed outside camp to gather firewood etc., a commander must be present with the boy(s) and the boy(s).

Your chopping area should have a tool rack with all tools properly stored when not in use. Make sure only one person at a time is working in the area except for instruction between a Commander and boy. The area should be roped off and have streamers for visibility.

Medical Emergencies

An EMT will be on duty at all times. Any medical problem (boys or men) should be taken to the First Aid Station for immediate attention. This is a must, not only for the wellness of the individual, but for insurance purposes. This is why we need the Limited Power of Attorney form. This form will be on file in the first aid station for easy access by the medical staff.

Medicine

If you have medication that requires refrigeration, please see the EMT on duty. Also register all prescription medicines with him.

Outpost First Aid Kits

Make sure that the supplies in your kit are up to date.
Have an itemized list of equipment.
Make sure you have equipment to remove ticks. Should anyone have a tick, please see the EMT.

Sunblock is recommended because of the increased exposure to the sun during outdoor activities. It is prohibited for anyone to remain shirtless except when swimming.

Insect repellent will help keep bugs away. However remember to check for ticks every 5-6 hours and before bed. Check especially around confined clothing areas such as the neck and waist.

WEATHER EMERGENCIES

Three Blasts on the emergency horn repeated... assemble at the mess tent for instructions. If a lightning emergency we will occupy our vehicles until the danger has passed.

Important Safety Info

Foot Gear

It is required that shoes or sneakers be worn at all times, while walking about.

Water

Water is available in designated locations. Do not leave the water running. It is important to conserve. Make sure that water lanes are left open along the tree line on the field. The spigots are to be accessible to all campers. Be sure that the water valves or hose nozzles are off before you leave the sink, toilet, or hose. Outposts are advised to bring several large jugs of water to have on hand for drinking. Avoid spills and conserve water. Boys must be supervised while using the spigots to fill water containers. Be sure your boys are drinking enough water or other fluids. It is hot and boys who are active need plenty of fluid intake. Water is best.

Water Safety

Because of the danger imposed by the Beaver Pond and stream, this area is off-limits to boys unless accompanied by a Commander. The pool is off-limits except for the designated swim times.

Security Team

The Security Team will consist of a Pow Wow staff leader, JLDA graduates, and commanders. They can be identified by a brightly colored tee shirt. This staff is integral to the smooth running of this camp. They will provide directions and assist wherever they can to maintain order. Please give this staff the respect that they deserve! Any JLDA graduate or commander wishing to serve on the team should visit the security booth near the parking lot to sign up. Boys will not be on duty during Friday and Saturday night services.

Garbage and Trash Handling

Please be mindful of garbage at mealtime. Keep all trash bags tied up to avoid having excessive flies and insects.

All waste is to be placed in plastic bags and placed in the dumpster. We may have the small trailer pass by the Outpost to take your trash bags to the dumpster. Be ready for that.
